PEONIES AND IRISES

IN presenting this list it is assumed that the reader has a general knowledge of the different varieties. All peony roots will consist of good, strong divisions of 3-5 eyes, guaranteed true to name. Small divisions of 2 eyes will be furnished at three-fifths the price of the large divisions on varieties that are priced at \$3.00 or more.

Larger roots will also be supplied on some varieties if requested. These will give more bloom the first and second years than the standard division of 3 to 5 eyes.

Iris roots will be a good sized rhizome or more.
